

## Objective 9: Decrease the Rate of Alcohol-Impaired Driving Fatalities

Maryland SHIP Vision Area 2: Healthy Social Environments  
Tools, Resources, and Promising Practices  
updated March 2012

### Information, Facts, and Figures

[CDC Community Guide: Reducing Alcohol-Impaired Driving](#)

Provides resources to reduce alcohol-impaired driving. Includes Task Force recommendations and findings.

[Educating Youth about Impaired Driving](#)

Summary of the NIH sponsored national conference on educating youth about the dangers of impaired-drowsy driving.

[Stop Drunk Driving](#)

This Maryland resource offers an overview of the impact of impaired driving on community safety. Facts, testimonials, and additional resources are available.

[Eliminate Drunk Driving](#)

This MADD campaign focuses on eliminating drunk drivers. This resource offers information to the public about individual action.

### Maryland Services and Hotlines

[Choose Safety for Life](#)

This resource offers local and national statistics about driving safety. Information about Maryland laws, outreach and educational programs are also included.

[Washington Regional Alcohol Program](#)

This nonprofit organization offers information about the programs they have implemented to engage the public in alcohol impairment awareness. This resource also provides information about outreach, advocacy, and public education.

### Promising Practices

[Alcohol and Substance Abuse Counseling](#)

Provides information and resources for Screening, Brief Intervention, and Referral to Treatment programs that can be implemented in various environments.

### Toolkits

[Program Toolkits](#)

Stopimpaireddriving.org offers numerous toolkits targeted at various populations. These range from communities, employers, and youth.

[Community Toolkit](#)

The resources offered in this toolkit provide valuable information to assist communities in increasing safety.
